Dear Mr. Clerk;

I thank the  
Court for allowing to bring claim 9 in my  
petition 2254 Filed with this court in May 2, 12.

On page 5, of May 5, 13, it seem like  
this Court wants to hold me accountable  
for the petition I Filed on March 8, 2011.  
See; Ali v. State, 2008, 258, All though, this issue  
is irrelevant, please be advised, my petition was  
wrongly Filed in place of confinement. See;  
Rule 2 of the Rule governing Section 2254  
cases in the United State District Court. That's  
why it took me longer to refile my petition.  
And in the other hand, that's why Judge  
Gur-funkel with the Superior court for the  
Southern District took the chance to dismiss  
my petition even though, he has no legal  
1 of 4 Jurisdiction over Said writ.

IF this Court wants to consider that petition and the issues, then claim "64", is on page 6 of the petition I filed on March 8, 2011, their for this issue is exhausted. I don't have a good copy of that petition in hand. I was living in Concord State prison and all my case filed is on the desk for use by a computer. And I just got a notice for the Concord prison that they want to disallow computer use for the law library. and I have no chance of having all my copies printed for me. or this Court can ask the Lower Court to provide you with a copy of that petition. As well as the notice of appeal in State v. Ali, 2009-0140, that's the copy I have and the one my attorney send me. please be advised, and hope this Court consider this, that, my attorney's kept all my case files away from me. they never thought I will one day exposed their incompetent assistance that violates my constitutional Rights for further proceeding. The notice of appeal 2009-0140 was filed by my incompetent counsel Anthony L. Introvasio, who perfer that

I spent five years in prison that seems to him like a walk on the beach. This is not an attorney who wants to over turn this case, He was only interested in a fees. I ask the "NHSC" to send a copy of my filed copies with them, they so far not responding to my request. A request from you Mr. clerk by this Court would take care of this issues. As you notice, I've been using my hand writing all this time since I was moved to Berlin State prison and I have no use of computer that's more eazye then writting, but I have no option but to write.

I hope this Court would go forward with these issues in hand. I have no time in going back so that the lower Court would dismiss my petition all over again and again. The Lower Courts been prejudice since the start of this case. I understand that everything could have been in black and white, but me not knowing that the Court would be prejudice in clearing my

in letters wrote the Court about all these issues that my attorneys are incompetent but no one had time for my issues. IF this Court wants to amend an issue, please do so, including Exhibits.

Respectfully Submitted,  
Dominic Nui
